

OFFICER GRADY PILCHER SHOTS LUNSFORD LOVE THIS MORNING

Conflicting Accounts Given as to Why Officer Pilcher Shot Love. Officer Pilcher Not Placed Under Arrest.

It is reported this afternoon that Jack Payne, in a letter to Police Chief Rollins, repudiates statements alleged to have been made this morning in connection with the shooting affray. Chief Rollins could not be located just before press hour. Lunsford Love is no better.

Justice J. A. Wood today gave to the press the following statement which he says was made under oath by Lunsford Love:

Love's Statement.

"Grady Pilcher had me under arrest. He had his nippers on my arm. I did not have a knife on my person. Pilcher had taken my knife from me before he shot me. Pilcher removed his nippers from my arm, shoved me back from him and shot me. He had made threats previous to the shooting to get me. He did not call a physician until he went off and came back with three or four negroes."

Lunsford Love, a well known young man about town, is dangerously wounded and may not live as the result of a bullet wound several inches below the heart. The leaden missile penetrated the body. Police Officer Grady Pilcher fired the shot and is claiming self defense.

The shooting took place about 2:30 o'clock Thursday morning at a point between Pleasant View and town while Police Officer Grady Pilcher was on the way to the police station with his prisoner. The arrest was made in Noah Bell's store at Pleasant View. The prisoner was arrested by the officers on a charge of being drunk.

Officer Warned Love.

Police Officer Doc Reeves, in discussing the case, said he saw Lunsford Love on the streets down town at an earlier hour in the night, and told him to go home or keep off the streets. The conclusion is that Love left town and went to Pleasant View where the arrest was made.

Took Nippers Off.

According to an account of the affair given out by Chief Police C. J. Rollins and Police Officer Doc Reeves, neither of whom saw the fracas but had their information from other sources, Police Officer Grady Pilcher had arrested Lunsford Love in Noah Bell's store and was en route to the police station. Pilcher, it is said, did not think Love was armed. The prisoner asked Pilcher to take the nippers off his wrist, the officer complying with the request.

Love Pulls Knife.

When Pilcher took the nippers off, Love is said to have pulled an open knife from his pocket, drawing the weapon on the officer and threatening to shoot him. Then Pilcher fired once. The bullet went through the body of Love, striking several inches below the heart and ranging downward.

The attending physician said that Love was vomiting blood Thursday morning. While it is thought that the wound was a little too high to reach the intestine, the man is in a dangerous condition and may not live, according to the physician.

Jack Payne, a telegraph operator, well known about the city, claims to have been an eye witness to the shooting and this morning sought to swear out a warrant for Pilcher charging him with assault with intent to murder. He said he went to the residence of Judge Crawford and Judge Crawford told him he would be down town after a while. Later he was advised to go to County Solicitor Crawford to obtain the warrant.

He immediately went to Mr. Crawford and told him this story:

Payne's Story to Solicitor.

"Love and myself were out last night drinking a little, and Love was arrested by Pilcher in Noah Bell's store. Pilcher put handcuffs on Love and dragged him about half a block. I remonstrated with Pilcher, telling him Love was a human being and did not have to be dragged that way. I offered to pay taxicab fare if he would ride him down instead of walking and dragging. Then Pilcher took his nippers and hit me on the wrist with them." Payne here exhibited his wrist which bore a slight evidence of having been hit with something and continued his story.

"I walked off then about 50 feet, for I did not want to get mixed in with Pilcher myself. I took a little drink and turned around just in time to see Pilcher raise Love from the ground by his coat and shoot him here." Payne placed his hand on his body just below and to the left of the left nipple.

Payne Changed Mind.

Mr. Crawford then advised Payne to go to his work and let him investigate the case a little more and he would bring the warrant to him to be signed. Payne went on and in about three quarters of an hour came back to Mr. Crawford and said he did not want to push the matter as he had been out to see Love and he was not hurt badly.

Mr. Crawford would not say just at this juncture what he was going to do about the matter, but indicated that there would be something more of it.

The Other Side.

Chief Rollins supplemented the physician's declaration that Love was in a dangerous condition and in regard to Payne's statement denied that Payne was with Love and Pilcher at the time of the shooting. "Jack came down town and hunted up Policeman Reeves and wanted somebody to go and straighten out an automobile wreck he said Clem Bush and Ben Payne had gotten into. Mr. Reeves saw he did not know what he was talking about and told him he had better go home or he would get in the same fix Lunsford Love was in. Jack asked him what kind of a fix, and Mr. Reeves told him Lunsford was shot. That seemed to have been the first Jack knew about it from the surprise he showed. They were, however, together the first part of the night."

It is understood that Pilcher claims that Love was trying to cut him when he shot Love. Payne says to this that he had already gotten Love's knife away from him and had it in his (Payne's) pocket.

No Arrest Made.

"Changed Drinks" on Him.

Two old fishermen had lunched overmuch, and, overcome with a great desire to sleep, they stretched themselves on the warm beach sands and were soon sleeping heavily, says the New York Press.

The tide crept in, awakening the one nearest the water as a wavelet dashed a quantity of salty liquid into his mouth.

Half asleep, he started to arise, saying, "It's time we wis' own' out o' this booze. They're changin' drinks on us."

Lie Officer Grady Pilcher had not been placed under arrest or bond in connection with the shooting of Lunsford Love, insofar as could be learned at the office of County Solicitor T. H. Crawford. Mr. Crawford said he was willing to do his duty in prosecuting the case, if one was made, but that it was not his duty to take the initiative in issuing a warrant.

Sheriff B. O. Hay could not be located by representative of the press this afternoon.

SAY COURTMARTIAL IS EFFORT TO GIVE IMMUNITY BATH

(Special to The Eagle.)
Denver, Colo., May 14.—Charging courtmartial of militiamen who burned Ludlow Colony is white-wash and an effort to establish immunity bath. Miners Union officials declared today no strikers will be permitted to testify in the present proceedings, but will later press charges of murder in civil courts. More militiamen testified at courtmartial today corroborating yesterday's testimony.

His Reasoning.

The Chicago Record-Herald tells of this dialogue between patriots: "I am surprised to see you. Why haven't you gone to Mexico?" "Why should I go to Mexico?" "To assist in whipping the Mexicans. You've been an enthusiastic advocate of war."

"I'd go, only I think it's no more than fair to let our trained soldiers and sailors have a chance to show what they can do before the rest of us butt in. There's no use humiliating the brave boys, you know."

The Post is Post.

The Committee on the Revision of the Articles of Faith had recommended the adoption of a declaration to the effect that all infants are saved, relates the Christian Register. The recommendation was adopted unanimously.

CHARGE JACK ROSE WITH MURDER OF ROSENTHAL

(Special to The Eagle.)
New York, May 14.—Indications are that the defense will attempt to show that Jack Rose, instead of Becker, is the murderer of Herman Rosenthal. Becker will likely take the stand and swear he is the victim of a frame-up of Rose and other denizens of the underworld.

Attorney Manton for Becker declared today Rose killed Rosenthal and the defense has evidence to prove his guilt. Rose is the state's chief witness.

An afflicted son of I. T. Lane left home Wednesday morning. He is about 16 years old, rather stout, and has dark hair and gray eyes. Has epileptic fits at times.

Mr. Lane will reward any one giving information of his whereabouts. Notify Dothan's chief of police.

Bridgie Webber was the principal witness today. He described the assassination plot declaring that Becker was at the bottom of it.

It was cleaned from Melles' testimony that the New Haven road gave due bills to persons who in turn gave them to New York city officials in return for getting franchise of the West Chester road.

Young Malone Morris Drowned in River

News has reached the city of the drowning of Malone Morris, aged 21 years, nephew of G. H. Malone of this city, in the Choctawhatchee river in Western Florida yesterday afternoon.

Young Morris was with a party fishing on the river when he was drowned. No particulars can be learned of the drowning except that the body has not yet been recovered.

The message reached Dothan about three o'clock this morning. Mrs. Morris, mother of the young man, was here visiting her brother when the message was received. She left immediately for Geneva, not knowing the body had not been recovered.

Mr. Morris is well known in Dothan having visited here many times. His sister and mother are also well known here, his sister, Miss Willie Belle Morris, being quite a social favorite in Dothan. The Morris family lives in Season.

The body of Malone Morris has been recovered and embalmed at DuFurink, Fla. Interment will take place at Geneva Friday morning.

REPUBLICANS TO HAVE STATE TICKET

(Special to The Eagle.)
Birmingham, May 14.—The Republican state executive committee O'Neal and Wilson.

(Special to The Eagle.)

Vera Cruz, May 14.—The Tampico fall has hastened Huerta's downfall and increased the chance of war between the United States and Mexico. Constitutionalists are now in complete possession of north and south and soon they will drive Huerta out in a month.

Federal soldiers led by General Zaragoza suffered a serious loss. At least three thousand were killed or taken prisoners. Nearly two thousand constitutionalists fell in the grand assault after the artillery had battered an opening in the fortifications. Little prospects that two thousand federals who fled will make their escape. General Zaragoza with a large force is trying to cut them off.

It is unknown whether General Zaragoza escaped or was killed. The dead were thrown into the river, lime pits or burned with oil and burned.

Jack Van Tassel, an American of Kansas City, played an important part in the battle. He was in command of 15 pieces of General Gonzalez's rebel artillery. The city is partially burned and some looting after battle. Neither side showed mercy.

May Not Hold Mediation Conference

Washington, May 14.—News of the rebel victory at Tampico is received with satisfaction here. Huerta's position is so untenable mediation conference may never be held.

General Carranza this morning notified Secretary Bryan that agents of the United States may proceed to Tampico to look after American property.

RESOLUTIONS OF RESPECT TO THE MEMORY OF MRS. M. E. DAVIS.

Whereas it has pleased our heavenly Father to take our beloved sister, Mrs. M. E. Davis from our midst to her heavenly home, therefore be it resolved by the members of the Foster Street Missionary Society,

FIRST: That we sorrowfully miss her. Although her age and infirmities kept her from attending our meetings for several months previous to her departure, she was always in thorough sympathy, and

heartily, active accord with us in all departments of our work, while she was able; and afterward, our visits to her at her home revealed the same sweet christian missionary spirit and continued interest. We shall always fondly cherish her memory.

SECOND: That we deeply sympathize with the loved ones and point them upward, where she awaits them.

THIRD: That a copy of these resolutions be spread upon our minutes, a copy sent to the family, and one to each of the Dothan

THE GREATEST KIDNEY REMEDY ON EARTH, SAYS A GRATEFUL WOMAN

I want to tell you how much good your Swamp Root did me. About four years ago, I suffered from what the doctors called fistula and for 2 years of that time, I endured what no tongue can tell. I also had inflammation of the bladder and I tried doctors medicines without receiving any help. Some one told me about Dr. Kilmer's Swamp-Root.

After giving it a thorough trial, I received relief, so kept on using it and today I am a strong and well woman. If I ever feel badly or out of sorts, I take Swamp-Root and it always straightens me out. I honestly believe that this medicine would cure all troubles you recommend it for and it is a pleasure for me to send my testimony and photograph to you. I think Dr. Kilmer's Swamp-Root is one of the greatest medicines on earth.

Respectfully yours,
MRS. JOHN BAILY.

THAT TIERED PICKING

Suggests Grandmother's Remedy.

It's true, the season is here with its sudden changes, and the old idea that we need a blood medicine is not without reason. Too much heavy food has caused a torpid liver, sluggish blood, an a weak, tired out feeling.

Sulphur, cream of tartar and molasses was grandmother's remedy but that has long ago been displaced by Vinol, a combination of the two most world famed tonics, namely, the medicinal curative elements of the cod's liver, without oil, and iron for the blood.

Vinol builds you up, makes you eat more and digest better, makes your blood rich and pure—puts healthy color in your cheeks.

N. G. Clift of Opelika, Ala., says: "Last spring I was all run-down, no strength, no appetite. I took Vinol and was greatly benefited by its use, as I soon felt strong and well as ever."

We guarantee Vinol to satisfy you and refund money if it does not.

Compound.

Chicago, Ill.—"I must thank you with
all my heart for Lydia E. Pinkham's
Vegetable Compound. I used to go
to my doctor for pills and remedies and
they did not help me. I had headaches and
could not eat, and the doctor claimed I had

I read in the paper about Lydia E. Pink-
ham's Vegetable Compound and I have taken it and
feel fine. A lady said one day, 'Oh, I
feel so tired all the time and have head-
ache.' I said, 'Take Lydia E. Pink-

REAL ESTATE BULLETIN
First National Bank Bldg. Phone 234

THURSDAY, MAY 14th, 1914
**ALABAMA BANKER ON THE SIGNS
OF THE TIMES**

At a recent meeting of the Georgia Bankers Association, Mr. Lon-
is B. Farley, a prominent banker of Montgomery and former president
of the Alabama Bankers' Association, made the following statement:
"The South is already feeling the good of the new currency mea-
sure. Money is getting freer each day, and business interests, large and
small, are sensing the wave of prosperity that is sure to come. When
the regional banks are established, there can be no better security for
financial interests. The banks will be protected in so thorough a
manner that panic will be unheard of. I do not believe we shall ever
again have a financial stringency, much less a calamity. The vast re-
sources of the South assure her immunity from financial troubles, now
that we all but have our regional banks. As an example of improved
conditions, I can say that paper is being met more promptly now than
in the last several years. Improvement has come gradually, but there
is no mistaking its presence."

The above expresses the sentiment of most of the business men of
the country, especially in the South. Here in Dothan and community
we know that is the exact situation. Sentiment is more optimistic than
for several years. Many things are contributing to this situation,
not the least of which is the aggressive and progressive work of the
Chamber of Commerce of Dothan in arranging cash markets for vari-
ous crops as well as a steady and consistent market for stock. In fact
the realization is general that we are on the eve of an entire change
in our system of farming, and this will inaugurate a far greater de-
gree of prosperity than has ever been known.

Speaking for the undersigned firm we can say that we believe the
prospects for Dothan and Houston county this fall are splendid. If
an average crop is made things are going to be lively a few months
hence. The inquiry coming to us from outside sources about this sec-
tion is remarkable. We are not optimistic without a cause. There is
a big work before our community next year, in getting the work of di-
versified farming under practical headway, but we are equal to it, and
we all know what the results will be. This section around here is
capable of making a half dozen money crops instead of one, and
now it is going to be done.

Large fortunes are generally made by anticipating the future. The
present seems a most opportune time for conservative investment. We
say conservative because you want to know exactly what you are buy-
ing, but there is such a thing as being too conservative. A mouse is
conservative when he is constantly flying to near-by holes, and watch-
ing for possible cats—but a mouse never accomplishes anything very
big.

We never advise any one to buy indiscriminately. Not all the
property for sale in Dothan, or county, is at a bargain, not by any
means. But the opportunities are here, and we can put you in touch
with them.

If there is anything you want to buy, or sell,—see us about it. If

FAULTY VISIONS CORRECTED

DR. MASROW'S EXAMINATIONS ARE SO THOROUGH AS TO
LEAVE NO DOUBT AS TO THE EXACT DEFECT OF THE EYE EX-
AMINED. HE OVERLOOKS NOR NEGLECTS NO FEATURE OF A
COMPLETE SCIENTIFIC EXAMINATION; AND WHEN HE PUTS
LENSES TO YOUR EYES YOU REALIZE THAT HIS WORK HAS
BEEN ACTIVE.

SCORES OF PEOPLE WILL TESTIFY TO MERITS OF HIS
WORK. DO NOT WAIT, COME AT ONCE TO SEE FOR YOURSELF
HOW MUCH GOOD HE CAN DO.

Dr. Masrow can be seen in his office every Thursday, Friday and
Saturday, also Sunday from 11 to 12 o'clock.

Dr. J. E. Masrow
